WELCOME TO HELSINGØR

Welcome to Helsingør in Royal North Zealand! This royal town, which became an industrial city, has been reborn as an international cultural city in a magnificent setting. We remain the gateway to the Baltic Sea and, not least, life beneath the surface. A place full of heart and heritage. Where creativity sprouts from the cobbled alleys in city centre, and the city's pulse beats in time with the ships that dock at the quay. Along the coast lie the tranquil and iconic seaside resorts. Did you know that Hornbæk houses Denmark's original artists' community?

Helsingør isn't huge, but it's filled with greatness.

Velkommen til Helsingør i Kongernes Nordsjælland. Kongebyen, der blev industriby, er genfødt som international kulturby i storslåede rammer. Vi er fortsat porten til Østersøen og ikke mindst livet under overfladen. Et sted med oprigtighed og oprindelighed. Hvor kreativiteten spirer i bymidtens brostensbelagte stræder og byens puls banker i takt med skibene, der lægger til ved kajen. Langs kysten ligger de rolige og ikoniske badebyer. Vidste du at Hornbæk gemmer på Danmarks originale kunstnerkoloni?

Helsingør er ikke stor, men fuld af storhed.

Willkommen in Helsingør, im nördlichen Seeland der Könige. Die königliche Stadt, die zum Industriezentrum wurde, ist als internationale Kulturstadt in einer prächtigen Umgebung wiedergeboren worden. Wir sind nach wie vor das Tor zur Ostsee und nicht zuletzt die Tür zum Leben unter der Oberfläche. Ein Ort der Offenheit und Originalität, wo die Kreativität in den gepflasterten Straßen des Stadtzentrums gedeiht und der Puls der Stadt im Takt der Schiffe schlägt, die die Stadt anlaufen. Entlang der Küste liegen die beschaulichen und ikonischen Seebäder. Wussten Sie übrigens, dass sich in Hornbæk Dänemarks ursprüngliche Künstlerkolonie befindet?

Helsingør ist zwar nicht groß, aber die Stadt hat Größe.

ALL THE QUALITIES OF HELSINGØR

Gitte and Ulrik run Denmark's largest cheese and delicacy shop, Lynhjems Eftf. (since 1932) at Stengade 19 in Helsingør, and the couple lives in Espergærde.

We know you won't miss **Kronborg Castle**, so why not try a guided tour?

You can often find guided tours outside ordinary opening hours with different themes, even in the evening and for smaller groups.

The Culture Harbour is an incredible spot. A summer's eve with a concert and nice weather - it's the best atmosphere you can imagine. Take a break at **Kulturværftet** (The Culture Yard) with a cup of coffee or a glass of wine.

Or how about an afternoon or evening at **Wiibroe Plads** with live music? It's wonderfully invigorating, sitting there and enjoying the view of the harbour, good music, and perhaps even food and wine. And why not take a stroll through the tiny quiet streets and have a look in some of the many beautiful courtyards?

Helsingør offers many unique and exciting shopping experiences. The locals might not pay much attention to all of Helsingør's qualities, but our visitors tell us about them daily. Actually, not many cities this size have such an incredible selection of sights.

Vi ved godt at man ikke lige overser **Kronborg**, men prøv at deltage i en omvisning. Der er ret ofte omvisninger ud

over det sædvanlige med forskellige temaer også om aftenen i mindre hold. **Kulturhavnen** er en skøn plet. En sommeraften med koncert og godt vejr, så bliver det ikke meget mere stemningsfuldt. Tag en pause på trappen foran **Kulturværftet** med en kop kaffe eller et glas vin. En eftermiddag eller aften på **Wiibroe Plads** med livemusik kan også noget. Det giver masser af livskvalitet, at sidde der og nyde udsigten over havnen til god musik og måske lidt mad og vin. Gå også igennem de små stille gader og stik hovedet ind i nogle af de mange smukke gårde.

*Helsingør has got almost anything
- lots of small independent shops with
everything from nice clothes, furniture,
flowers and delicious food.”*

Shopping i Helsingør byder på mange spændende butikker, som man ikke lige finder så mange steder. Mange lokale borgere lægger måske ikke lige mærke til alle Helsingørs kvaliteter, men vi hører det hver dag fra gæster. Og det er faktisk ikke ret mange byer på Helsingørs størrelse, som har så fint et udvalg.

 Wir wissen natürlich, dass Sie **Kronborg** nicht übersehen, aber versuchen Sie doch mal, an einer Führung teilzunehmen; es gibt oft Führungen mit verschiedenen Themen, auch abends in kleineren Gruppen. Der **Kulturhafen** ist ein schöner Ort. Stellen Sie sich einen lauen Sommerabend mit einem Konzert bei gutem Wetter vor - stimmungsvoller wird es kaum. Machen Sie eine

Pause auf den Stufen vor der **Kulturwerft** mit einer Tasse Kaffee oder einem Gläschen Wein. Ein Nachmittag oder Abend auf dem **Wiibroe-Platz** mit Live-Musik hat es auch in sich. Genießen Sie die Aussicht auf den Hafen bei guter Musik, vielleicht mit etwas Essen und Wein, und erleben Sie pure Lebensqualität. Sie können auch durch die kleinen, ruhigen Straßen schlendern und einen Blick in die zahlreichen schönen Innenhöfe werfen. **Zum Einkaufen** gibt es in Helsingør viele interessante Geschäfte, die Sie an anderen Orten kaum finden. Viele Einheimische wissen vielleicht gar nicht, was Helsingør alles zu bieten hat, aber wir hören es jeden Tag von unseren Gästen. Und es gibt nicht viele Städte von der Größe Helsingørs, die eine so große Auswahl haben.

CULTURE HARBOUR KRONBORG AND THE MARINA

A wealth of cultural pearls and architectural landmarks mixed with nature and a cool urban atmosphere. Where else can you go for a swim with a view of one of the world's most famous castles? Kronborg Castle is a UNESCO world heritage site that inspired Shakespeare to write Hamlet. Don't miss out on the trip around the ramparts with a view of Helsingborg and the ferries. The old barracks are home to 200 years of Shakespearean theatre tradition as Hamletscenen (the Hamlet Stage) stages performances all year round.

Outside the castle's ramparts, the M/S Maritime Museum of Denmark features its unique and iconic architecture in a former dry dock. The very heart of the city's cultural life is Kulturværftet (the Culture Yard). Here, there are lots of concerts and performances. This is also where you can find Bymuseet (the City Museum) and the library, which has won the title of the best in Europe, and Visitor Service, where you can get help and inspiration for your stay in the city.

In the old shipyard halls, you will find Værftsmuseet (the Shipyard Museum), Værfts-

hallerne (the Shipyard Halls) and Den Røde Plads (the Red Square), as well as Elsinore Street Food where street food from all over the world is served, and where the locals also come together in a big way.

The Marina offers a playground, mini-golf, boat rental and homemade ice cream. Remember to make your way past Øresund-sakvariet (the Øresund Aquarium), where you can explore and learn about the wildlife in Øresund.

Et overflødigshorn af kulturperler og arkitektoniske landemærker blandet med natur og en cool urban stemning. Hvor kan du ellers bade med udsigt til et af verdens mest berømte slotte? Kronborg Slot er UNESCO verdensarv og inspirerede selveste Shakespeare til at skrive Hamlet. Snyd heller ikke jer selv for turen rundt på voldene med udsigt til Helsingborg og færgerne. Den gamle kaserne opretholder 200 års Shakespeare teatertradition, når Hamletscenen opfører forestillinger året rundt.

Udenfor slottets volde finder I M/S Museet for Søfart, med dets helt unikke og ikoniske

arkitektur i en tørlagt dok. Selve hjertet i byens kulturliv er Kulturværftet. Her er masser af koncerter og forestillinger. Det er også her, I finder Bymuseet og biblioteket, som har vundet titlen som Europas bedste. Og Visitor Service, hvor kan I få hjælp og inspiration til jeres ophold i byen. I de gamle værftshaller finder du Værftsmuseet, Værftshallerne og Den Røde Plads samt Værftets Madmarked, hvor der serveres street food fra hele verden, og hvor lokale mødes i stor stil.

Nordhavnen byder på en legeplads, minigolf, bådudlejning og hjemmelavet is. Husk at lægge vejen forbi Øresundsakvariet, hvor I kan gå på opdagelse og lære om dyrelivet i Øresund.

Ein Füllhorn an kulturellen Schätzen und architektonischen Wahrzeichen gemischt mit Natur und einer coolen urbanen Atmosphäre. Wo sonst können Sie mit Blick auf eines der berühmtesten Schlösser der Welt schwimmen? Schloss Kronborg gehört zum UNESCO-Weltkulturerbe und inspirierte Shakespeare selbst zu Hamlet. Meiden Sie nicht die Umrundung der Stadtmauer mit Blick auf Helsing-

borg und die Fähren. Die alte Kaserne beherbergt 200 Jahre Shakespeare-Theatertradition, wenn die Hamlet Stage das ganze Jahr über Aufführungen bietet. Außerhalb der Burgmauern befindet sich das M/S Maritime Museum mit seiner völlig einzigartigen und ikonischen Architektur in einem Trockendock. Das Herzstück des kulturellen Lebens der Stadt ist die "Kulturwerft". Hier finden viele Konzerte und Aufführungen statt. Hier befindet sich auch das Stadtmuseum und die Bibliothek, die den Titel Europas beste gewonnen hat. Und der Besucherservice, bei dem Sie sich Hilfe und Inspiration für Ihren Aufenthalt in der Stadt holen können.

In den alten Werftshallen finden Sie das Werftmuseum, die Werftshallen und den Roten Platz sowie den Elsinore Street Food, wo Street Food aus aller Welt serviert wird und wo sich auch Einheimische treffen.

Der Norderhafen (Nordhavnen) bietet einen Spielplatz, Minigolf, Bootsverleih und hausgemachtes Eis. Vergessen Sie nicht, im Øresund-Aquarium vorbeizuschauen, wo Sie die Tierwelt des Øresund erkunden und kennenlernen können.

TOWN CENTRE AND THE HARBOUR DISTRICT

You are in the midst of a piece of Danish history and you can feel it. Old Elsinore has something special; there's plenty of culture, life and energy here. Alongside the many historic buildings, you'll find a strong and creative shopping life with plenty of speciality shops, creative artists and eateries in beautiful surroundings. You just must go exploring!

Skibsklarerergaarden (The Ship Handler's Yard), a living museum in Strandgade, provides insight into life in 1780. Just 200 meters away is Sankt Olai Kirke (St. Olai's Church), Elsinore's Cathedral, which took its present form in 1559. However, the oldest walls of the church date back to the 13th century. St. Mary's Church and the Carmelite Monastery make up one of Northern Europe's best-preserved monastic buildings from the Middle Ages. The monastery and the church are one of the absolute gems of Elsinore.

Ready for a break? Drop into one of the city's many cafés and restaurants. Here are ambitious Nordic cuisine, Sicilian pizza, classic open sandwiches and much more. Axeltorv (Axel Square) also has a small market with locally grown vegetables and produce from April to November. Once you've had your fill, you can just stroll around the city's many small alleys. Be sure to check

out the beautiful, picturesque backyards and cool boutiques featuring design, handicrafts, jewellery, art and vintage articles.

I befinder jer midt i et stykke Danmarkshistorie – og det kan mærkes. Det gamle Helsingør kan noget særligt, og her er masser af kultur, liv og energi. Side om side med de mange historiske bygninger finder I et stærkt og frodigt handelsliv med masser af specialbutikker, kreative skabere og spisesteder i flotte omgivelser. Det er bare at gå på opdagelse!

Skibsklarerergaarden, et levende museum i Strandgade giver indblik i livet anno 1780. Blot 200 meter herfra ligger Sankt Olai Kirke, Helsingørs Domkirke, som fik sin nuværende skikkelse tilbage i 1559. De ældste mure af kirken er dog helt tilbage fra 1200-tallet. Sct. Mariæ Kirke er sammen med Karmeliterklosteret et af Nordeuropas bedst bevarede klosteranlæg fra middelalderen. Klosteret og kirken er en af Helsingørs absolutte perler.

Klar til en pause? Drop ind på en af byens mange caféer og spisesteder. Her er ambitiøs nordic cuisine, siciliansk pizza, klassisk smørrebrød og meget mere. På Axeltorv i perioden april-november er der også torvedage med lokalt dyrkede grøntsager og produkter. Når I er blevet mætte, er det

blot at slentre videre rundt i byens mange små stræder. Husk at kigge ind i de smukke, pittoreske baggårde og cool butikker, der byder på design, kunsthåndværk, smykker, kunst og vintage.

Sie befinden sich mitten in einem Stück dänischer Geschichte, und Sie können es fühlen. Das alte Helsingør kann etwas Besonderes, und hier gibt es viel Kultur, Leben und Energie. Neben den vielen historischen Gebäuden finden Sie ein starkes und kreatives Geschäftsleben mit vielen Fachgeschäften, kreativen Schöpfern und Restaurants in einer wunderschönen Umgebung. Es ist nur eine Frage des Erkundens!

Skibsklarerergaarden, ein lebendiges Museum in der Strandgade, gibt einen Einblick in das Leben im Jahr 1780. Nur 200 Meter von hier entfernt befindet sich die Sankt-Olai-Kirche, die Kathedrale von Helsingør, die ihre heutige Form im Jahr 1559 erhielt. Die ältesten Mauern

der Kirche stammen jedoch aus dem 13. Jahrhundert. St. Die Mariæ-Kirche ist zusammen mit dem Karmeliterkloster eines der am besten erhaltenen mittelalterlichen Klöster Nordeuropas. Das Kloster und die Kirche sind eines der absoluten Juwelen Helsingørs.

Bereit für eine Pause? Besuchen Sie eines der vielen Cafés und Restaurants der Stadt. Hier gibt es ambitionierte nordische Küche, sizilianische Pizza, klassisches Smørrebrød und vieles mehr. Am Axeltorv finden in der Zeit von April bis November auch Markttag mit lokal angebaute Gemüse und Produkten statt. Wenn Sie sich satt gesehen haben, brauchen Sie nur noch durch die vielen kleinen Gassen der Stadt zu schlendern. Denken Sie daran, in die schönen, malerischen Hinterhöfe und coolen Geschäfte zu schauen, die Design, Kunsthandwerk, Schmuck, Kunst und Vintage anbieten.

HORNBÆK

HORNBAEK

People have always flocked to Hornbæk to relax, bathe and enjoy the beautiful light. The city was originally known as an exclusive summer retreat for the better bourgeoisie. In fact, there has been sun, summer and festivities in Hornbæk as far back as 1677, and the old bathing hotels are still going strong around the city. Today, it also houses a relaxed surf and artists' colony with a very special vibe. Here, it is laid back all year round!

The warm months' favourite activities typically include swimming and lying on the beach, eating homemade ice cream,

exploring the numerous shops and workshops, playing mini-golf and enjoying cool drinks at the port or local street food market.

The beautiful nature, with beaches and plantations, is also a great setting for the old fishing village. And the broad, white sandy beach stretches for almost 3 miles, so there's plenty of space!

However, the water in Hornbæk is not only reserved for bathing. Along with the strong west wind, even in the cooler months, come the surfers, and with good reason.

On quieter days, stand-up paddling and kayaking are favourites.

Hornbæk lies only a 25-minute train ride away from Helsingør.

Folk er altid strømmet til Hornbæk for at slappe af, bade, og nyde det smukke lys. Byen blev først kendt som et eksklusivt sommerretæte for det bedre borgerskab. Faktisk har der været sol, sommer og fest i Hornbæk helt tilbage til 1677, og rundt omkring i byen er der stadig gang i de gamle badehoteller. I dag rummer byen også en afslappet surf- og kunstnerkoloni med en helt særlig vibe. Her er laid back hele året rundt!

Yndlingsaktiviteterne i de varme måneder er typisk at bade og at ligge på stranden, spise hjemmelavet is, gå på opdagelse i de mange butikker og værksteder, spille minigolf og nyde kølige drinks på havnen eller besøge det lokale streetfood marked.

Den smukke natur, med strand og plantage er da også en fantastisk kulisse for det gamle fiskerleje. Byens brede, hvide sandstrand strækker sig over næsten 3 kilometer, så her er masser af plads!

Vandet i Hornbæk er dog ikke kun forbeholdt de badende. Når vestenvinden raser, stormer surferne fra hele Sjælland til, også i de køligere måneder. På de mere rolige dage er stand up paddling og kajaksejls en favorit.

Fra Helsingør er der ganske kort vej til Hornbæk, det tager det kun 25 minutter med lokaltoget.

Schon immer strömten Menschen nach Hornbæk, um sich zu entspannen, zu schwimmen und das schöne Licht zu genießen. Bekannt wurde die Stadt zunächst als exklusive Sommerresidenz der Oberschicht. Tatsächlich gab es in Hornbæk schon seit 1677 Sonne, Sommer und Partys, und in der ganzen Stadt ist in den alten Badehotels noch immer etwas los. Heute beherbergt die Stadt auch eine entspannte Surf- und Künstlerkolonie mit einem ganz besonderen Vibe. Hier ist es das ganze Jahr über entspannt!

Die beliebtesten Aktivitäten in den warmen Monaten sind typischerweise Schwimmen und am Strand liegen, hausgemachtes Eis essen, die vielen Geschäfte und Werkstätten erkunden, Minigolf spielen und kühle Getränke am Hafen oder auf dem lokalen Streetfood-Markt genießen.

Die schöne Natur mit Strand und Plantage ist auch eine fantastische Kulisse für das alte Fischerdorf. Und der breite, weiße Sandstrand erstreckt sich über fast 3 Kilometer, also ist hier genug Platz!

Das Wasser in Hornbæk ist jedoch nicht nur Badegästen vorbehalten. Zusammen mit dem starken Westwind kommen auch in den kühleren Monaten die Surfer und das aus gutem Grund. An den ruhigeren Tagen sind Stand Up Paddling und Kajakfahren sehr beliebt.

Von Helsingør ist es ein kurzer Weg nach Hornbæk, es dauert nur 25 Minuten mit dem Nahverkehrszug.

A CITY OF ALL AGES

Helsingør and our upland has a unique maritime and cultural history you won't find anywhere else. In fact Helsingør has one of Northern Europe's best-preserved historical city centres plus a number of modernistic and contemporary architectural

landmarks. We have selected a number of buildings that tell the story of the city's development. A timeline that spans wide from the late middle ages, to a blooming market town, to a thriving shipyard town and then to the cultural city we know today.

THE WALLS SPEAK

Since 2011 KUNST and BYRUM HELSINGØR, part of the Municipality of Helsingør, has run an artist programme for temporary art, inviting internationally renowned street artists to work with interventions, in order to open the city up to new perspectives, its citizens and visitors. The artists have all been given the task of working with 'the identity of Helsingør' and to uncover uncovering and interpreting its various historical layers.

NATIONAL PARK KONGERNES NORDSJÆLLAND

Helsingør is, in fact, located in one of Denmark's five large national parks, where UNESCO Kronborg Castle constitutes the eastern corner. National Park Kongernes Nordsjælland is where the ancient kings and queens had their personal refuge when daily life became too stressful. Today, The National Park is also home to many great culture-historical gems, and there are many beautiful hiking, jogging and cycling routes here.

We have selected five beautiful nature experiences, all easily accessible from Helsingør by bus or local train.

Did you know? Teglstrup Hegn, Hellebæk Skov and Hellebæk Kohave are all part of a future Nature National Park.

TWO COUNTRIES, ONE DESTINATION

How about a getaway across the Sound to Helsingborg? Our two cities have a special affinity and a common history. Both are some of the oldest Nordic cities, located on opposite sides of Øresund (the Sound), with only a few miles between them. From the ferry's jetty, you enter the charming town centre with narrow alleys, a pedestrian

street with lots of inspiring shops, great restaurants and loads of history stretching right back to the days of the Vikings.

Here are five places we don't want you to miss on "the other side" of the Sound.
